

AD HOC COMMITTEE ON TENANT SECURITY  
( AHCTS )

!!BULLETIN!!

!! BULLETIN !!

!!BULLETIN!!

JUST IN CASE ANY OF YOU EVER THOUGHT THAT THE PROBLEM OF SECURITY HAS BEEN SOLVED, we would like to relate an incident that occurred last night, Thursday, between 10:00-10:15 P.M.. A member of AHCTS was notified by a tenant in the B Building, at which time six members immediately went to find out the details and were told the following: A young girl was forced from the parking lot at gunpoint across the front lawn to the Broad Street side of the grounds between A and B Buildings, WHERE EVERY LIGHT IS OUT OF ORDER. Her assailant succeeded in beating her up and attempting rape before she was finally aided by three passers-by with a large dog. She then sat in front of the B Building, bleeding, for 15 minutes waiting for aid. The guards in BOTH buildings were locking incinerator rooms at the time and the Interstate Security Guard was in the A Building answering a tenant call..... ONCE AGAIN A TENANT HAS BEEN ATTACKED ON COLONNADE PARK GROUNDS.

- \* AHCTS, Colonnade Park Tenants Security Association, has asked management to maintain and repair lighting within 8 hours. We were told last night that management had received many calls about the particular lights that were out prior to this incident;
- \* AHCTS has asked that guards have no maintenance responsibilities;
- \* AHCTS has demanded that guards be visible and on duty AT ALL TIMES.....
